This letter is in regards to the December 18, 1992 meeting between Burlington Environmental Inc. (BEI) and the Environmental Protection Agency (EPA) concerning Resource Conservation and Recovery Act (RCRA) Facility Investigation workplans for the Pier 91 facility. In particular, we discussed proposed plans for the pump test and tidal monitoring activities at Pier 91. In the enclosure, I have outlined the workplan changes we agreed to during the December meeting. Based on these agreed changes, please modify the pump test and tidal effects workplans and submit them to EPA within 21 days of receipt of this letter.

If you have any questions, feel free to contact me at 553-8582.

Sincerely,

David Croxton
